MEDLOC EXPO

Virtual Exhibition Space

General Information

www.medlocexpo.net

MedLoCexpo

MEDLoCEXPO

The MedLoCexpo gives its members, the opportunity to learn about progress in the development in medical devices and Lab-on-a-Chip applications. You could become part of our exclusive virtual community and increase your visibility and business growth opportunities by joining the key market players and vibrant industrial decisionmakers, technology developers and investors.

This is an area to showcase your organisation, products and services on your dedicated virtual EXPO booth.

There are up to 20-30 views per month on a well-equipped exhibition booth with videos and publications.

VIRTUAL EXHIBITORS' FEES

Virtual exhibition: €1,000.00.

Virtual exhibitor registration includes:

- A virtual exhibition booth on the MedLoCexpo site for a year. This includes all expenses related to design, development and hosting of the virtual exhibition booth and any updates needed for a year, including all materials, preparation and delivery of services.

EXHIBITORS FEES (CONT.)

- The virtual booth will have following sub-web pages: **About us** (information on your organisation), **Products & Services** (info about your products & services) and **Contact** (fillable contact form where visitors can submit their contact request). Information for About us and Services pages would be provided by the exhibitor.
- Additional information such as **publications, brochures and videos** can be added to the virtual exhibition booth, if provided by the exhibitor.
- We will provide a small image of your exhibition booth with a live link to your expo site which could be used as part of your email signature, or used in any marketing emails, or publicity activity such as LinkedIn posts
- It is possible to extend hosting of the virtual EXPO beyond one year, including maintenance for and additional €250.00 per year. For the virtual EXPO redesign and substantial updates, CNT Ltd. could provide detail quotation.

This virtual area will be also available to be accessed through the dedicated umbrella platform of CNT Ltd. EXPO websites, nanoMATexpo (www.nanomatexpo.net).
